### **Non-IFRS Measures**

The Company's interim unaudited consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board and the accounting policies we adopted in accordance with IFRS.

The Company believes that certain Non-IFRS Measures can be useful to investors because they provide a means by which investors can evaluate the Company's underlying key drivers and operating performance of the business, exclusive of certain adjustments and activities that investors may consider to be unrelated to the underlying economic performance of the business of a given period. Throughout this news release, management uses a number of terms and ratios which do not have a standardized meaning under IFRS and are unlikely to be comparable to similar measures presented by other organizations, including adjusted EBITDA, adjusted net income, adjusted net income per common share and managed assets. A full description of these measures, along with a reconciliation to the most directly comparable IFRS measure, where applicable, can be found in the Management Discussion & Analysis ("MD&A") that accompanies ECN Capital's financial statements for the three-month period ended March 31, 2026.
